MVM Life Science Partners LLP closes MVM IV at \$233 million

Tuesday 3 May 2016

LONDON & BOSTON -- MVM Life Science Partners today announced the closing of a \$233 million healthcare fund, MVM IV. The fund is MVM's fourth and largest raised to date.

MVM IV is investing in medical companies, principally in Europe and the United States. The fund invests broadly across the healthcare field including in technologies, therapeutics, medical devices and healthcare IT and across all stages of development from early-stage private deals to quoted companies. Investment size will generally range from \$15 million up to \$30 million per portfolio company.

"We have had a very positive response from investors and we are delighted with the group of investors we have been able to attract," said Dr Stephen Reeders, Managing Partner. "We believe the fund raising was helped by several factors including MVM's compelling investment strategy, extensive track record, the strength of the team and our transatlantic presence with offices in London and Boston

Background

MVM is a long-established investment firm dedicated to the healthcare sector on both sides of the Atlantic. The firm invests in healthcare businesses across all stages of development, from early-stage to public companies. In aggregate, MVM has raised four funds totaling over \$700 million. MVM has offices in London and Boston.

Historic investments

Successful investments have included Domantis, Heptares, Preglem, Momenta, Vascular Pathways, Beacon Endoscopic, Cara Therapeutics, Aegerion and HBI. For a full list of MVM's portfolio companies please visit the website.
